A Case Management Conference (CMC) was held by teleconference on April 11, 2016, at 9:00 A.M., Eastern Time (Ottawa).

[1] The Respondent reported that document production was complete except that the Respondent was not in actual possession of several documents it had listed for the Claimant in the Common Book of Documents. It expects to receive copies of those documents shortly and

will forward them to the Claimant. The Claimant indicated that there may be issues concerning dates on some of the documents produced, but it will work co-operatively with the Respondent to resolve those questions.

[2] The Parties reported that they were working co-operatively on an Agreed Statement of Facts drafted by the Claimant. Progress will be reviewed at the next CMC.

[3] There was a discussion on how and when expert evidence would be received. Counsel for the Parties agreed to explore these questions co-operatively. The matter will be reviewed at the next CMC.

[4] The next CMC will be held by teleconference on **July 4, 2016**, at 9:00 A.M., Eastern Time (Ottawa).
